Time Savings
Fittings take < 2 minutes

90% reduction compared to traditional fittings

Cost Savings
Accurate fit reduces returns

You can focus on work rather than returns

Experience
Modern digital experience increases employee morale

Reporting
Provides status of employee measurements

Provides access to employee sizes indefinitely

Using their smartphone, computer or tablet, your customer's employees can take accurate and easy body measurements that coordinate to their Workwear Outfitters branded uniform program to find the best fit. This not only gets your customer into uniforms faster, it also does it hassle free! That's right, let us take the burden off your team so they can focus on more important things.

Our new value-added service is the perfect solution for our customer partners (like you!) who already love Workwear Outfitters' branded products. What better way to help you focus more on the growth of your business than to take the arduous task of fittings off your plate.

WORK*FITTER*™ fits your customer best because:

- **IT'S EASY!** Anyone can use our tool!

- **IT'S FAST!** Snap a few pictures that Workfitter translates into your recommended uniform sizes and you're on your way to the best fitting uniform!

- **IT'S ACCURATE!** By using a digital tool, you reduce the amount of human error therefore improving accuracy and reducing the need for exchanges or returns!
