Certificate of Compliance **According to California Assembly Bill No. 1817 Chapter 762**

Beginning January 1, 2025, per California Assembly Bill No. 1817 Chapter 762, the State of California requires manufacturers of textile articles to provide a Certificate of Compliance (COC) to persons that offer the product for sale or distribution in the state. This COC shall state that the textile articles are in compliance with the provisions and do not contain any regulated PFAS.

Until superseded or amended, this law exempts Personal Protective Equipment (PPE) defined as “equipment worn to minimize exposure to hazards that cause serious workplace injuries and illnesses that may result from contact with chemical, radiological, physical, biological, electrical, mechanical, or other workplace or professional hazards.”

Workwear Outfitters, LLC (WEOF) hereby certifies that textile articles as denoted by the legislation and distributed into the State of California by WEOF or a subsidiary of WEOF are compliant with the provisions set forth in California Assembly Bill No. 1817 Chapter 762 and do not contain regulated PFAS.
